

BIOELECTRONICS AND BIOMEDICAL MICROELECTRONICS

FINAL WRITTEN EXAMINATION POLICIES

1. TIME AND PLACE

The duration of the examination is one hour.

The final written examination is scheduled by the Service Académique. Please check the web site of Service Académique prior to taking the exam, since the date and time may be changed.

<http://is-academia.epfl.ch/>

Provisionally, the examination has been scheduled by SAC on Tuesday, **January 22, 2025**, from 10:15 through 11:15, in classroom CM1-105.

It is your responsibility to cross-check !

2. TOPICS

Following topics **are part** of the written midterm examination.

All theoretical topics discussed in class including following slide sets: L01a, L01b, L02, L03a, L03b, L04, L05, L06, L08, L10b.

Following topics are **not** part of the written examination

Exercise #1, exercise #2, exercise #3, exercise #4, exercise #5, exercise #6, exercise #8, exercise #9.

The theoretical parts presented in the seminars are not part of the final exam.

(the class #, and exercise # refers to the number printed on the first page of the handout slides and exercises.)

3. EXAMINATION POLICIES

The final examination will be conducted as a closed-book examination. The examination will consist of theoretical questions to be answered (short and detailed). No exercise solving will be considered.

Student's ID card are controlled during the examination. Please place your student's ID on the forefront of the table.

No question will be answered during the examination time. Should you be in situation of uncertainty, please carefully formulate all hypothesis or assumptions you are stating.

Please make sure to write your name and surname on the first page.

4. DISTRIBUTED ITEMS

The examination documents including scratch paper (working sheets) will be distributed.

5. RECOMMENDED ITEMS

Please make sure to bring a pen, pencils.

6. FORBIDDEN ITEMS

No written document of any sort may be taken to the examination (no book, no transparencies, no handwritten notes, etc.). Blank paper will be provided.

Usage of information processing and telecommunication devices in a general sense is not permitted (no computer, no hand calculator, no electronic agenda, no cell phone, etc.).

7. GRADING

The final is graded, and accounts for 1/3 of the final course grade.

8. COURSE WEB SITE

Please check the course web site on a regular basis.
