

The logo features the word "ALGENOL" in a bold, green, sans-serif typeface. The letters are widely spaced. The background is white with green geometric shapes on the left and right sides. The right side features a series of overlapping, semi-transparent green triangles and polygons in various shades of green, creating a dynamic, layered effect. A thin, light gray line runs diagonally across the lower right portion of the image.

Harnessing the sun to fuel the world.®

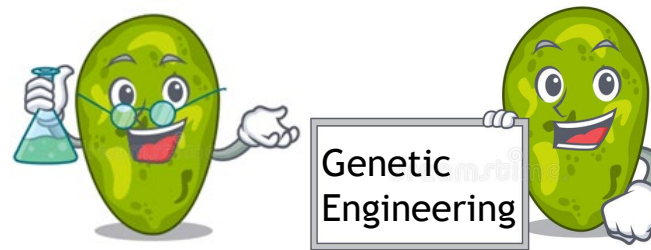

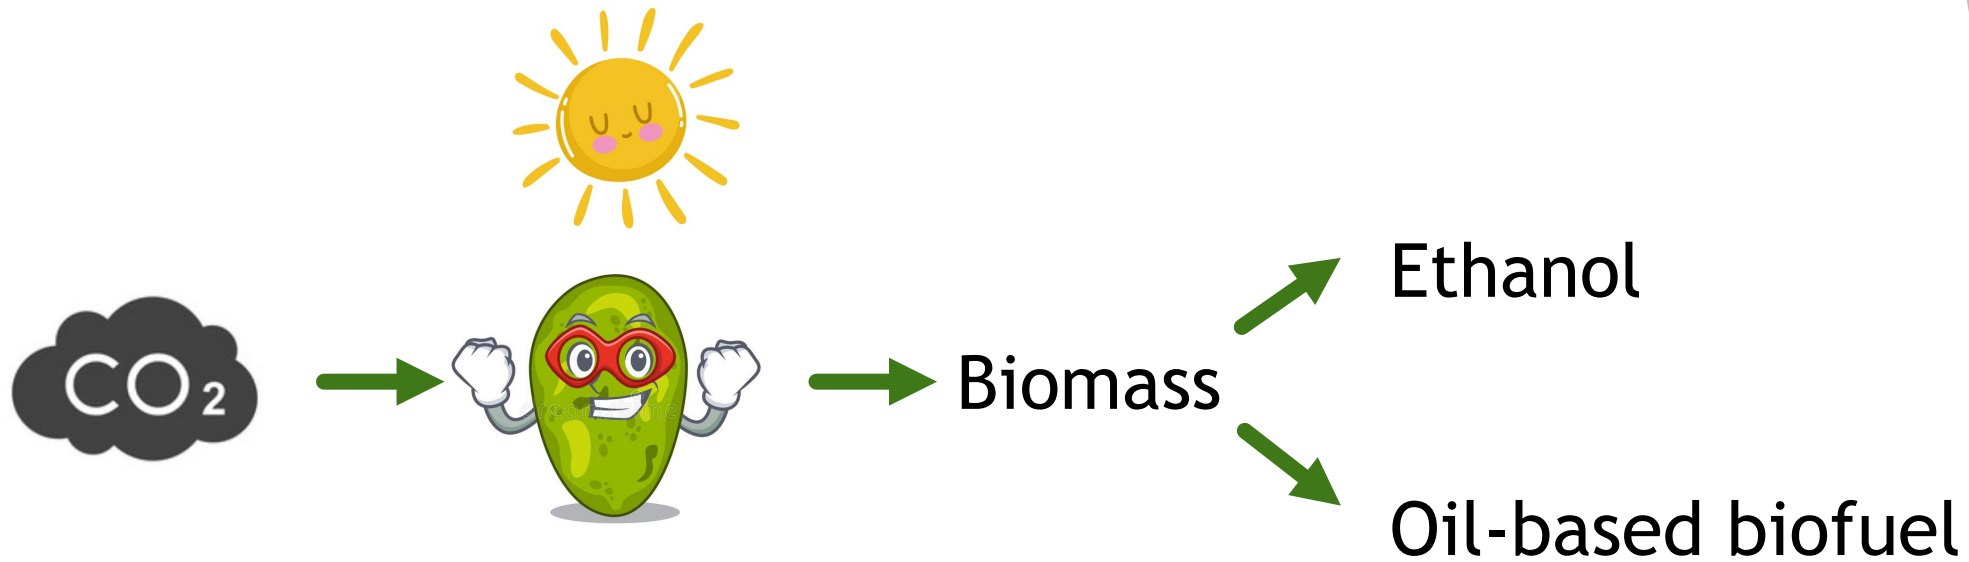

The threats of Global warming

- ▶ Rapid global warming causes immense problems (food and water shortages, typhoons, etc..)
- ▶ An estimated 20% of our emissions come from transportation!
- ▶ Half of the petrol is consumed by the transportation industry.

2 billion tons a year!!!

Our proposition: a carbon-neutral cycle

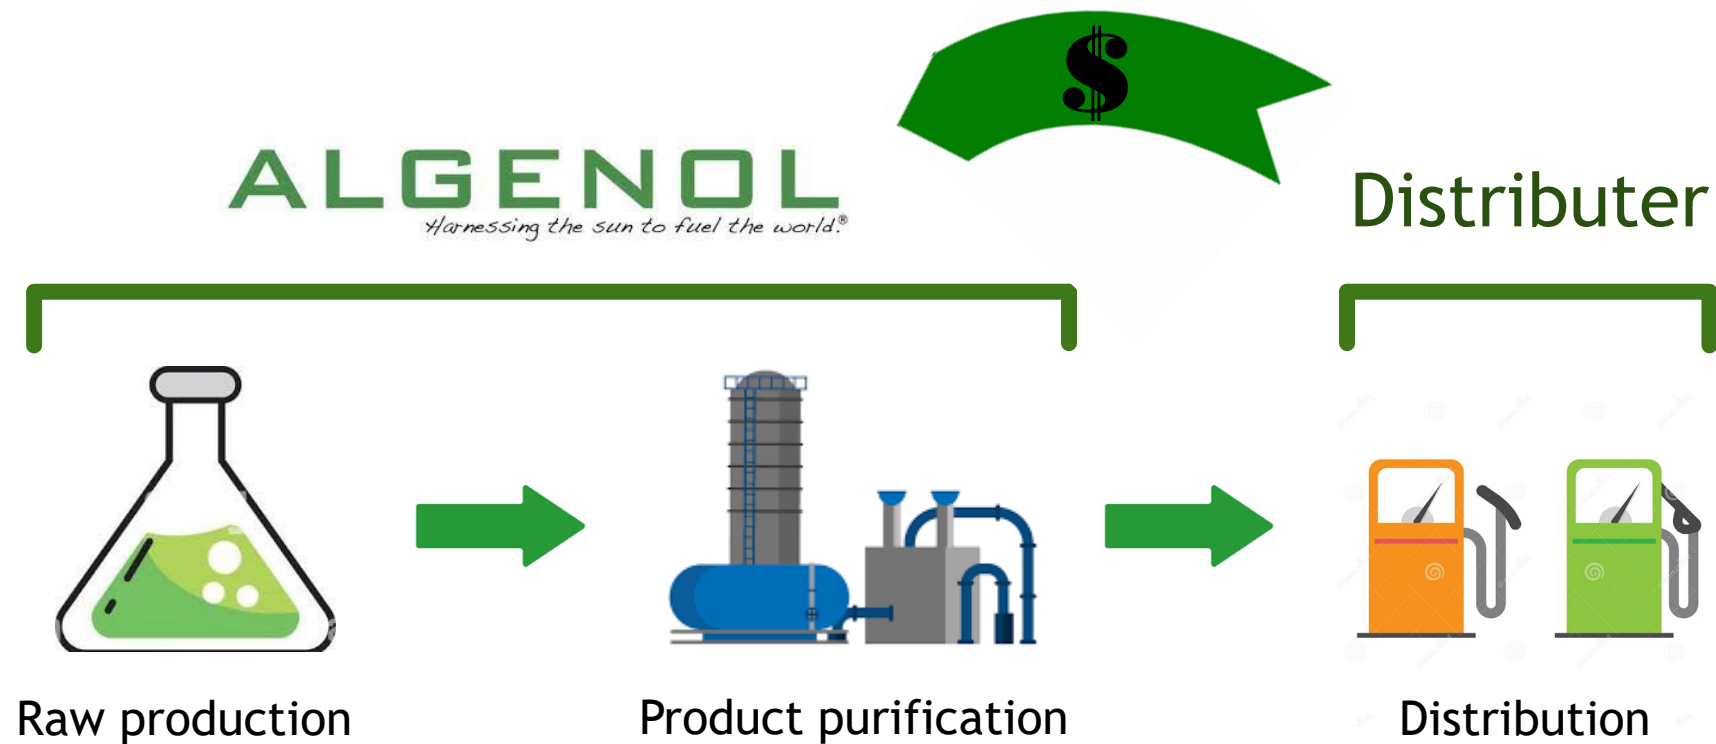

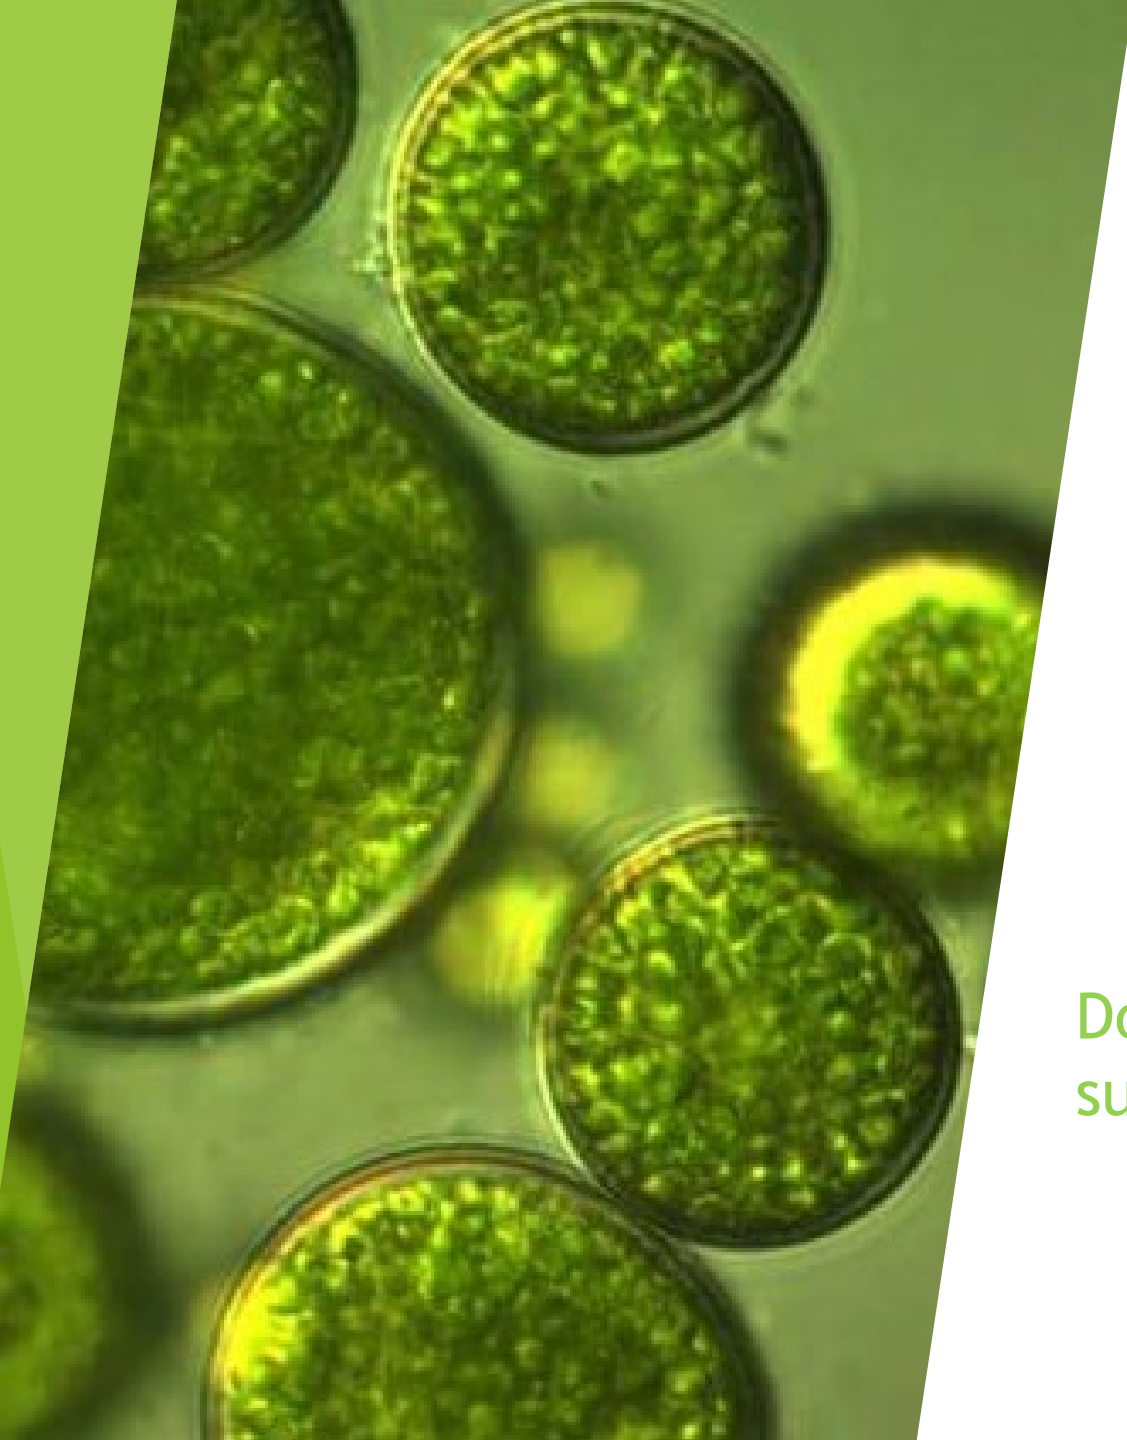

Why invest in Algenol?

- ▶ Many advantages on traditional biofuels:
- ▶ Does NOT need arable land
- ▶ Biomass accumulation is faster in algae than in land plants
- ▶ Sustainable energy source
- ▶ Cheap nutriment requirement
- ▶ Patents on bioreactors and genetically engineered organisms
