

Algebra V - Galois theory

Information Sheet

Fall 2024

Contact

- Lecturer: Aline Zanardini, aline.zanardini@epfl.ch
- Assistant: Emre Özavci, emre.ozavci@epfl.ch

Organization

We will roughly follow some sections of J.S. Milne's book (Fields and Galois Theory). This is the main reference for the course. You can find on Moodle which sections we will cover each week.

- Lectures: Wednesdays 13:15-15:00 in MA A1 10.
- Exercise classes: Fridays 15:15-17:00 in MA A1 12.

I strongly recommend that you attend the exercise classes.

Other supporting materials

- My own hand-written notes (posted on Moodle).

Exam

There will be one final written exam.
