

## Lecture\_01

---

### Extra videos links

Clarifications: you don't need to watch these videos if these notions are already clear to you. This is just for better understanding – nothing in the video has to be known (except what is mentioned in the slides/lectures).

General video on **DNA structure**

[https://www.youtube.com/watch?v=o\\_-6JXLYS-k](https://www.youtube.com/watch?v=o_-6JXLYS-k)

Better understand the **DNA grooves** (with a strange 3D part that can be skipped)

<https://www.youtube.com/watch?v=aJtJXmINzCE>

Recap on **epigenetics** (histone and DNA modifications)

<https://www.youtube.com/watch?v=MD3Fc0XOjWk>
