

- Familiarize yourself with the concept of Nanopore Sequencing (see lecture slides Week 3)
- Read the following publication: <https://ceesdekkerlab.nl/wp-content/uploads/2021/07/science.abl4381.pdf>
- Introduce the concept of “protein sequencing” via nanopores
- What are major obstacles in the sequencing of proteins (versus DNA)?
- Is the term “sequencing” justified in your opinion?
  - Hint: What could “fingerprinting” mean in this context and how is it used?
