

Irrigation and Drainage Engineering (ENV-549)

Date and time : 30/01/2025

Classroom : GC A3 31

Oral Exam rules : please arrive on time. You'll be called inside the room from us. No preparation time is granted and no lecture material is allowed unless under special circumstances. The exam lasts about 25 mins. You'll pick-up three questions randomly from a pot and you'll answer them by writing down the essentials on a blank paper sheet, in the presence of the instructor and the observer. Blank paper and pens are provided. If one question is considered difficult, you can change it with another question (selected by the teacher).

Please, contact immediately the instructor should the timetable below not be convenient for you. You can suggest a change yourself provided that you have previously agreed the swap with another colleague and she/he confirms the agreement per email.

Yahel will attend the morning session; Giulio will attend the afternoon session
