The exam lasts 30 min per student. You have 15 min to prepare 1 x question of the list (see the document on moodle), randomly extracted at entrance. Use of your personal notes is allowed, but no electronic devices. You will then have 15 min to present your answer in front of the exam commission, you can use your notes as support. After the first question, we will also select another question, which you are expect to know in shallower detail. While we interrogate a candidate, the next one enters to prepare his/her question.

Please mark your start time and come punctual, feel free to contact me for any question.
