Tips for Success in CH-349

- Start writing up your report early, as you go. (**Use the report template on Moodle**.)
- **Keep a good lab book**; take notes during the practical sessions and the brainstorms.
- Think about your data analysis and fitting now. **Don't leave this till the last minute**.
- Collect and summarise the literature as you go.
- Install any software you are going to need before you need it.
- **Come to the brainstorm sessions**.
