

# Advanced Cryptography — Final Exam

## Authorization to use a Laptop

25.6.2025

I (undersigned) request the authorization to use my laptop/tablet during the exam of *Advanced Cryptography* on 25.6.2025 to be able to check electronic documents. I declare on honor that WiFi and any other communication channel will remain off on my laptop/tablet during the entire exam and I will accept the instructors to verify this at any time. I understand that leaving communication on is a case of cheating and I accept to hand over my laptop/tablet for investigation in case of suspicion.
