Oral Exam Nintendo DS Projects-Systèmes Embarqués Microprogrammés

During the oral exam, the members of each team will need to answer the specific questions asked by the professor and TAs about the project development on the Nintendo DS platform and its functionality. The project presentations can be in French or in English (each group decides) and a live demo of the project working in the Nintendo DS must be shown.

Arrive 15 minutes before your assigned slot at the entrance of the classroom to prepare your presentation and demo.

Monday 27th, Jan 2025, from 8h30 onwards; Room: ELE 111 (EPFL Campus)

Students	Project	Presentation time
Adeline Glassey	Sparkling Quest	8h30-8h50
