

Linear Algebra Math111en Exam

SEATING PLAN

Monday, January 20, 2025

Please read carefully!

In the below list, use the search function of your pdf viewer to find your SCIPER. Behind your sciper, you find your seat number followed by your exam room. Memorize those or write them down.

You find seating plans for all three exam rooms with indicated seat numbers on the remaining pages of this document. Familiarize yourself with the location of your seat.

The day of the exam, plan to be ready outside your assigned room at the latest at 9am. (That is, 15min before the start of the exam).

Once the doors of your exam room are opened by one of the proctors, enter calmly and quietly. Then turn off your phone and electronic devices. Store those in your luggage. Leave your luggage and jackets at the side of the room. Then go find your seat and check that it is indeed your name on the exam dossier. Do NOT open the exam until instructed to do so.

SCIPER	SEAT	ROOM
